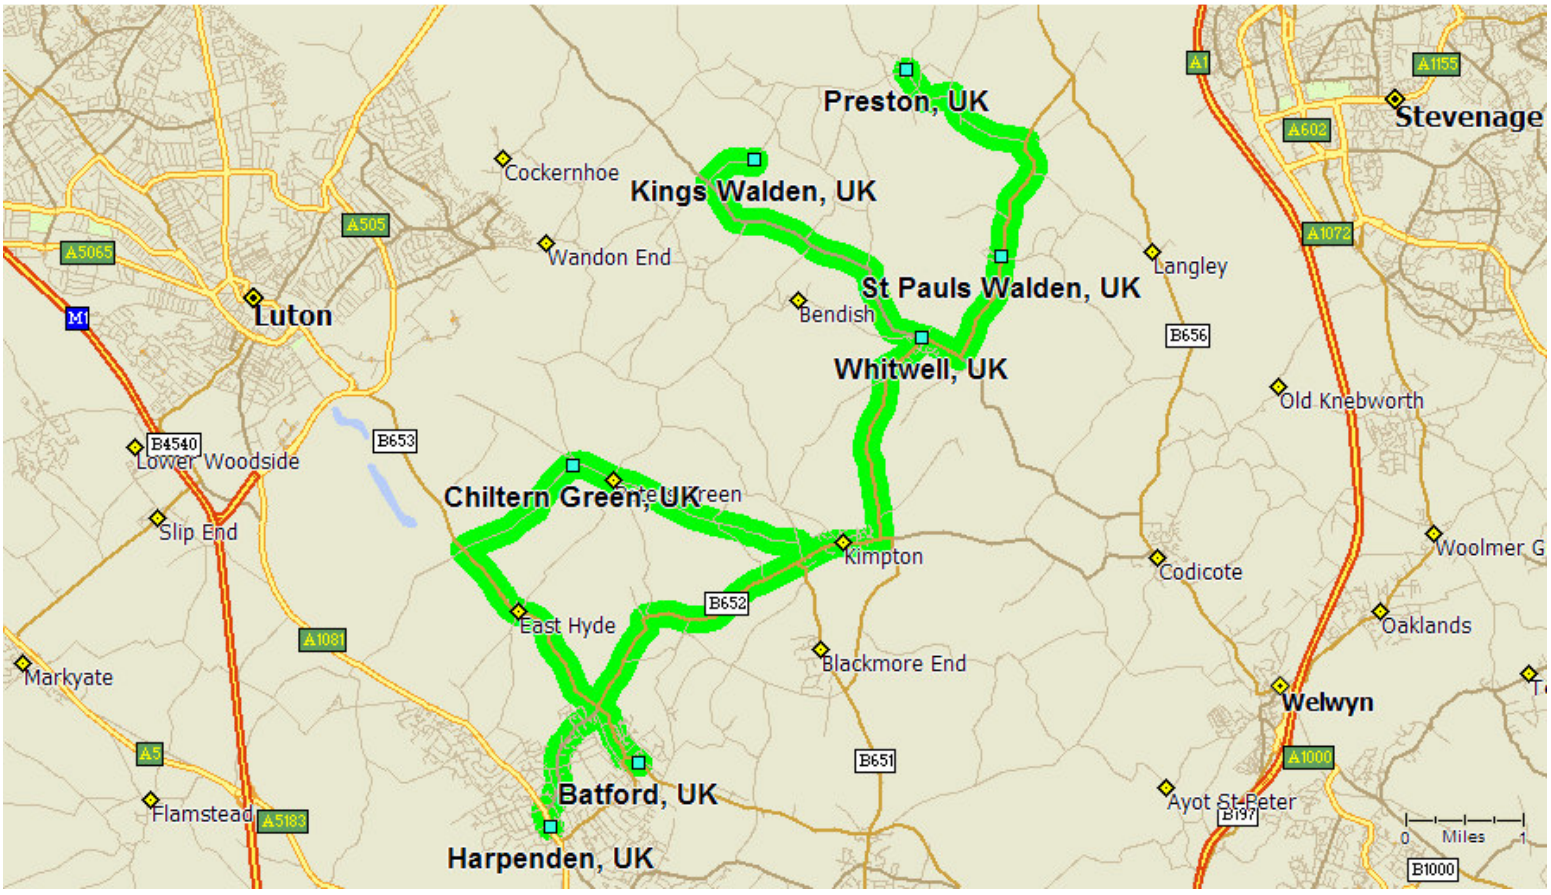
Preston – October 22 2006

Leaving Harpenden at 10am, some of the group only managed half this journey (fitness and age – in that order)
This route takes you through some great woodland trails and follows the edge of the Chiltern way towards the Airport and later joins the Hertfordshire Way (A Restricted Public Right of Way). The route is a mix of off-road trail and minor roads & follows the villages of Breachwood Green (soon to be ruined by the proposed new runway), Ley Green via Lords Wood and Preston Hills. The villages of Kings Walden and Preston are the final destination with a return route thru St Pauls Walden and Whitwell. The A team took a longer route back which added the extra miles.


Distance – 26 miles (13 miles for the lightweights)
Grade – Medium 2
Family Friendly – No
